Mr. Clifton W. Johnson  
Distribution Engineer  
State Engineer's Office  
State Capitol  
Salt Lake City 14, Utah

Dear Mr. Johnson:

In response to your request there is enclosed a copy of 1956 discharge records for Burnt Fork near Burnt Fork, Wyo. Records for previous years for this station can be found in Geological Survey Water-Supply Paper 1393 (1955) which is now available. This office does not have a complete file of original records from which prints can be made.

Very truly yours,

G. L. Haynes, Jr.  
Engineer in Charge

cc: District Engineer, SW, Denver, Colo.
